A self-motivated and self-taught developer with an interest in React, NextJS, and Express.js, eager to contribute to the growth of the organization by utilizing these technologies.

## Technical & Soft Skills

---

**Frontend:** HTML, CSS, JavaScript, React, Next.js, Tailwind CSS

**Backend:** Node.js, Express.js, MongoDB

**Tools & Platforms:** GitHub, VS Code, Vercel, Figma, Postman

**Soft Skills:** Problem-Solving, Analytical Thinking, Teamwork, Responsibility

## Projects

---

### 01 . BazaarTracker BD (Local Market Price Tracking) [LiveLink](#) | [ClientSite](#) | [ServerSite](#)

A modern web application to track and compare daily prices of essential items across local markets in Bangladesh.

- Built product listing with filtering, sorting, and detailed vendor information.
- Implemented role-based dashboards (User, Vendor, Admin) for tailored user experiences
- Integrated Stripe payments for secure purchases and order management.

### 02 . BoiBaksho (Digital Bookshelf Web App) [LiveLink](#) | [ClientSite](#) | [ServerSite](#)

A digital bookshelf platform to manage reading lists, track progress, and share book reviews.

- Implemented upvote system, review submission, and edit/delete functionality per book.

### 03 . RoomSync (Roommate Finder Web App) [LiveLink](#) | [ClientSite](#) | [ServerSite](#)

A web application to help users find and connect with potential roommates.

- Users can create, browse, filter, and manage listings with lifestyle preferences, rent budget, and contact details.
